ABOUT THE CONFERENCE

IRC 2026 — Sri Lanka Technology Campus

Sri Lanka Technology Campus (SLTC)

SLTC is the only corporate-powered, research-based, residential higher educational institute in Sri Lanka. Established in 2015 as the first Engineering non-state higher education institute, SLTC offers degree programs spanning Engineering, Technology, Sciences, Computing & IT, Business Management and Music. With its Centre for Communication Skills Development, Office of Research & Innovation Services, and Office of International Affairs & Grants, SLTC delivers a truly transformative learning experience.

Faculty of Postgraduate Studies & Research (FPSR)

FPSR serves as the visionary strategist for the institute's postgraduate education and research, bridging academia and industry to nurture an ecosystem for innovation and discovery.

International Research Conference (IRC)

IRC is the premier research event at SLTC — a global platform for researchers, scientists, industrialists, and policymakers to disseminate findings, forge partnerships, and advance science in service of sustainable development goals.

IRC 2026 marks the 6th consecutive year, taking place on 18th & 19th November 2026 at Waters Edge ,Battaramulla and SLTC esidential campus in Meepe, Padukka. The conference will be held as a hybrid (physical and virtual) event.

Conference Theme 2026

"Advancing Intelligent Frontiers: Transforming Technology and Society"

General Co-Chair	Dr. Deepika Priyadarshani
Secretary	Dr. Sachithra Yaddhegige

WHY SPONSOR IRC 2026?

Partner with Sri Lanka's Premier Research Conference

Access Top Talent

Engage directly with 150+ graduate and undergraduate students, researchers, and academics from national and international universities in engineering, IT, and business.

Thought Leadership

Showcase your brand through session chairmanships, speaking slots, and exclusive promotional videos broadcast across all conference sessions.

CSR Alignment

Align your brand with education, innovation, and sustainable development — reinforcing your commitment to national and global progress.

Digital Reach

Gain unparalleled visibility across SLTC's website (20,000+ monthly visitors), social media channels (50,000+ followers), conference proceedings, and all event backdrops.

Industry–Academia Bridge

Build lasting partnerships with researchers, government officials, and policy makers driving real-world impact across 10 cutting-edge thematic areas.

Hybrid Global Exposure

IRC 2026 reaches a global audience as a hybrid event — your brand visibility extends far beyond the physical venue to virtual participants worldwide.
